LIFELONG LEARNING AND PART-TIME COURSES

Anglesey & Gwynedd

September 2025

www.gllm.ac.uk

Welcome

Our Lifelong Learning & Part-time Courses guide provides information on the wide range of courses starting from September.

It's never too late to return to education - so if you are looking to improve your career prospects, want to brush up on your English and Maths, or you want to learn a new skill in a friendly environment, we have a course for you.

Whatever your goals, our friendly Learner Services Teams are here to help you make your choice.

How to Apply

Many of our courses do not require any previous qualifications or experience, so you can apply directly through our website - www.gllm.ac.uk

For more information on how to apply, visit: www.gllm.ac.uk/how-to-apply/part-time

If you need more support in choosing the right course or making an application, you can phone, email or call into one of our campuses and one of our Learner Services Team will be able to help you.

Some courses require an interview - these are highlighted in the 'Int' column. For many courses, the interview will be very informal, often requiring no more than a brief telephone call.

Correspondence is welcomed in Welsh or English and will be replied to within the same timescale.

Contents

3 British Sign Language/Deaf Studies
3 Computing & Digital Skills
3 Counselling
4 Creative Arts
4 Engineering
4 English & Maths
5 ESOL (English for Speakers of Other Languages)
5 GCSEs

Ready for a career change? Looking to take your career to the next level?

With fully-funded training funded by the Welsh Government, Personal Learning Accounts can help you gain the skills employers are looking for. From digital skills to net-zero qualifications, the opportunities are endless.

Thousands have already benefited from our Personal Learning Accounts, with many securing new roles and promotions! Don't miss out.

What is the Personal Learning Account?

The Personal Learning Account provides individuals with a way of accessing a wide range of free and flexible training.

These courses allow you to gain new skills and qualifications that employers want – helping you to progress in your current career or open up new job opportunities.

The benefits of the Personal Learning Account

- **Free Training:** The courses are 100% funded by the Welsh Government, removing financial barriers to upskilling or reskilling.
- **Career Progression:** Gain higher-level skills and qualifications to progress in your current roles or access better job opportunities.
- **Career Change:** Develop new skills and knowledge to support a move into a different sector, particularly those with skills shortages.
- **Flexibility:** Learning is designed to be flexible, often with part-time, online, or blended learning options to fit around your work and family commitments.

Am I eligible?

To be eligible for training through the Personal Learning Account you need to be aged over 19, living in Wales, earning under £32,371 a year.

What courses are available?

We have a wide range of courses available through the Personal Learning Account in areas including green skills and retrofit for renewables, project management, computing, construction, engineering, health and care and more.

Ready to take the next step?

LOCAL UNIVERSITY-LEVEL COURSES
MAKE COLLEGE YOUR NUMBER ONE
CHOICE FOR HIGHER EDUCATION

Why choose college for university-level courses?

DOWNLOAD OUR **PROSPECTUS**

EXCELLENT REPUTATION

The Quality Assurance Agency for Higher Education (QAA) reviews providers and confirms the high quality of our courses. QAA awarded us a commended judgement in our latest review for 'the enhancement of student learning opportunities'.

QAA

UK Quality Assured

EXPERT TEACHING STAFF

Our university-level teaching staff are highly experienced at teaching at a higher level. Many of our staff have higher-level qualifications such as Masters or PhDs, and some have been involved in university research work. As a university-level student, you'll benefit from the strong vocational experience of our staff who have worked within, or continue to work within, senior roles in industry.

PROGRESSION

All of our foundation degrees, equivalent to the first 2-years of a full degree, offer further progression opportunities to a full honours level of study. Most of these opportunities are with ourselves or occasionally at Bangor University. Our other programmes have articulated academic progression, and many graduates gain a job promotion or move to alternative preferred employment.

SUPPORT

We provide a warm and welcoming community to all our students. You'll get a dedicated Personal Tutor and our small class sizes mean you'll have more time dedicated to you for individual support and guidance. Our friendly and knowledgeable staff in Learner Services can also help you with CVs and interview techniques and offer career advice.

AFFORDABLE FEES

There's nothing to pay upfront, and you'll be able to access a range of student loans, grants and bursaries to help support your finances during your studies. Also, by staying local, you could save thousands of pounds as you won't have to pay additional accommodation costs incurred by students who move away to study.

CONVENIENT AND FLEXIBLE

Our timetables are designed to make it easier for you to fit your studies around your work, family and other commitments. Our full and part-time courses are timetabled one or two days per week, with some of our courses delivered in the evenings.

WELSH LANGUAGE

We are committed to promoting and supporting the Welsh language, and we provide all university-level students with the opportunity to be assessed in Welsh. Some courses are also taught bilingually, and a Welsh language bursary is available for Welsh-speaking students.

SUCCESSFUL OUTCOMES

Our students regularly achieve outstanding results. These results give our graduates a competitive edge in the workplace - helping to improve their earning potential and career prospects.

EMPLOYMENT OPPORTUNITIES

Our university-level courses are developed in consultation with regional employers to ensure you're equipped with up-to-date skills employers need. We continually review courses to ensure they lead to real employment opportunities. Our programmes include work experience, placements, guest speakers and industry visits.
