# Datganiad ynghylch Hawliau Digidol Dysgwyr a Staff

Medi 2021

## 1. Cyflwyniad

Mae meithrin sgiliau digidol yn hanfodol i bopeth a wnawn yng Ngrŵp Llandrillo Menai (y Grŵp). Er mwyn gwneud hyn, dylai'r holl staff gael mynediad at offer priodol i ymgymryd â'u rôl yn ddigidol. Mae Covid-19 wedi newid y ffordd mae'r Grŵp yn darparu cyfleoedd addysg i ddysgwyr.

Mae elfennau cynyddol o fywyd y coleg yn troi'n 'naturiol ddigidol' gan ddisgwyl y bydd dysgwyr yn mynd fwyfwy ar-lein i gyfathrebu, i gyrchu gwybodaeth am eu cyrsiau ac i gael cefnogaeth. Mae'r trawsnewid hwn yn cynnig gwasanaeth mwy dealladwy, hygyrch ac ymatebol i ddysgwyr. Ond, er mwyn gallu darparu cyrsiau ar-lein a gwasanaethau cymorth yn llwyddiannus rhaid i ddysgwyr allu cael mynediad atynt a rhyngweithio â hwy mewn ffyrdd sy'n gweddu i'w hanghenion. Mae'r ddibyniaeth gynyddol ar dechnoleg ddigidol nid yn unig yn gofyn i ddysgwyr allu cysylltu â'r rhyngwyd a chael mynediad at ddyfeisiau priodol, ond hefyd yn golygu y bydd angen iddynt ddefnyddio sgiliau digidol penodol i fynd ar-lein a chymryd rhan yn eu cyrsiau.

Mae'r datganiad hwn yn amlinellu dull y Grŵp o ymdrin â hawliau digidol dysgwyr sy'n golygu cael yr adnoddau, y sgiliau a'r cymhelliant i fynd ar-lein yn hyderus i gyflawni yn eich addysg.

## 2. Rhychwant y datganiad hwn

Mae'r datganiad hwn yn berthnasol i bob dysgwr ac aelod staff. Fodd bynnag, effeithir yn neilltuol ar rai grwpiau o staff a dysgwyr, gyda rhai grwpiau demograffig penodol yn fwy tueddol o gael eu hallgau'n ddigidol.

Mae'r rhai sydd wedi'u hynysu'n gymdeithasol yn tueddu i gael mynediad mwy cyfyngedig i'r rhyngwyd, a dyfeisiau a gwasanaethau ar-lein, ac felly'n gwneud llai o ddefnydd ohonynt. Mae mynediad y rhai sydd dan anfantais economaidd hefyd yn gyfyngedig. Mae pobl ag anableddau'n llai tebygol o ddefnyddio'r rhyngwyd neu gael mynediad i'r rhyngwyd yn y cartref na phobl heb anableddau. Y tu allan i'r ddau grŵp hyn, mae eraill hefyd yn cael eu heffeithio mewn ffyrdd gwahanol gan allgau digidol. Mae isadeiledd band eang neu delathrebu gwael, neu ddiffyg cysylltiad o gwbl, yn fwy tebygol mewn ardaloedd diarffordd, sy'n cynnwys ardaloedd gwledig. Mae hyn yn ystyriaeth benodol i goleg sy'n darparu addysg i ddysgwyr mewn ardal ddaearyddol wledig a gwasgaredig iawn.

Mae cynhwysiant digidol yn cael effaith ar bobl ifanc. Yn 2018, dywedodd 12% o'r rhai rhwng 11 a 18 oed (700,000) yn y DU nad oedd ganddynt fynediad i'r rhyngwyd gartref o gyfrifiadur neu gyfrifiadur llechen, ac nid oedd gan 60,000 ychwanegol fynediad i'r rhyngwyd gartref o gwbl [Swyddfa Ystadegau Cenedlaethol, 2019](#).

Yn ddiweddar, ychwanegodd Mynegai Amddifadedd Lluosog Cymru (MALIC) fesur ar gyfer diffyg argaeledd canrannol band eang ar 30Mb/s mewn cartrefi yng Nghymru (2019) sy'n cael ei bwysoli fel 10% o'r sgôr mynegai cyffredinol ar gyfer ardaloedd. Mae'r mesur hwn wedi'i gynnwys ym maes 'Mynediad at Wasanaethau' y mynegai.

O'r 0-10% Ardal Cynnyrch Ehangach Haen Is (ACEHI) yng Nghymru yn y maes Mynediad at Wasanaethau mae:

- 20 o fewn Awdurdod Lleol Gwynedd sy'n cyfrif am 27.4% o ardaloedd yr Awdurdod Lleol ac 1.0% o ardaloedd Cymru
- 9 o fewn Awdurdod Lleol Conwy sy'n cyfrif am 12.7% o ardaloedd yr Awdurdod Lleol ac 0.5% o ardaloedd Cymru
- 8 o fewn Awdurdod Lleol Dinbych sy'n cyfrif am 13.8% o ardaloedd yr Awdurdod Lleol ac 0.4% o ardaloedd Cymru

- 7 o fewn Awdurdod Lleol Ynys Môn sy'n cyfrif am 15.9% o ardaloedd yr Awdurdod Lleol ac 0.4% o ardaloedd Cymru

Bydd y datganiad yn egluro sut y bydd GLIM yn blaenoriaethu anghenion y dysgwyr hynny sydd ag anghenion dysgu penodol neu sydd angen cymorth ychwanegol am eu bod yn byw mewn ardal o amddifadedd.

# Learner and Staff Digital Entitlement Statement

September 2021

## 1. Introduction

Developing digital skills is essential to all that we do at Grŵp Llandrillo Menai (the Grŵp). In order to do this all staff should have access to appropriate equipment to undertake their role digitally. Covid-19 has changed the way the Grŵp is delivering education opportunities to learners.

More strands of college life are becoming 'digital by default' in the expectation that learners will increasingly go online to communicate, to access information about their courses, and access support. This transformation offers learners a more intuitive, accessible and responsive service delivery. However, successful delivery of online courses and support services will rely on the ability of learners to access and interact with them in ways that suit their needs. The increasing reliance on digital technology not only requires learners to be able to connect to the internet and have access to appropriate devices, but also means that they will need to utilise specific digital skills in order to get online and take part in their courses.

This statement outlines the Grŵp's approach to learner digital entitlement which is about having the access, skills and motivation to confidently go online to achieve in your education.

## 2. Scope of this statement

This statement applies to all learners and staff, however, some groups of staff and learners are particularly affected, with a concentration of certain demographics within the digitally excluded.

The socially isolated tend to have more limited access to, and use of, the internet, devices and online services. The economically disadvantaged also have limited access. People with disabilities are less likely to use the internet or have access at home than people without. Outside of these two groups others are also affected by digital exclusion in different ways. Poor (or no) broadband and mobile infrastructure is more likely to be experienced in remote areas, which includes those in rural areas. This is a particular factor for a college Grŵp that provides education to learners in a very geographically dispersed and rural area.

Digital inclusion has an impact on younger people. In 2018, 12% of those aged between 11 and 18 years (700,000) across the UK reported having no internet access at home from a computer or tablet, and a further 60,000 had no internet access at home at all ([ONS, 2019](#)).

The Welsh Index of Multiple Deprivation (WIMD) has recently added a measure of percentage unavailability of broadband at 30Mb/s within households (2019) which is weighted at 10% of the overall index score for areas. This measure is included under the 'Access to Services' domain of the index.

Of the 0-10% most deprived Lower-layer Super Output Areas(LSOAs) in Wales within the Access to Services domain:

- 20 are within the Gwynedd Local Authority which accounts for 27.4% of those in the Local Authority and 1.0% of those in Wales
- 9 are within the Conwy Local Authority which accounts for 12.7% of those in the Local Authority and 0.5% of those in Wales
- 8 are within the Denbighshire Local Authority which accounts for 13.8% of those in the Local Authority and 0.4% of those in Wales
- 7 are within the Isle of Anglesey Local Authority which accounts for 15.9% of those in the Local Authority and 0.4% of those in Wales

The statement will explain how GLLM will prioritise the needs of those learners who have specific learning needs or who require additional support because they live in an area of deprivation.

### 3. Digital Entitlement

This statement will explain how GLLM will meet the digital needs of learners and staff in the following areas:

- Learner entitlement to support to ensure they are able to access their course digitally
- Staff entitlement to support to deliver a programme digitally

- Supporting learners to develop digital learning skills
- Providing learners with online digital support
- Accessing their course through a digital classroom
- Having clear expectations about how learners should undertake Online Remote Learning from home

### 5. Staff Entitlement

- All staff to have access to Grwp services remotely where needed
- Ensuring teaching rooms support learners remotely learning from home
- All staff to have access to CPD to enable them to undertake their role digitally
- Having clear expectations about how Hybrid Online Remote Learning should be delivered
