JOB DESCRIPTION

POST TITLE: WORKSHOP TECHNICIAN IN CONSTRUCTION

STATUS: PERMANENT, FULL TIME DURING TERM TIME ONLY

GRADE: SCALE 3

ACCOUNTABILITY TO: PROGRAMME AREA MANAGER

MAIN DUTIES AND RESPONSIBILITIES:

1. Make orders with approved suppliers and receive, store, monitor and coordinate all stock materials and ensure stock levels are maintained within budget for all the workshops allocated to this role.
2. Ensure orders are correct and meet the quality requirements of the department.
3. Working with the relevant staff, help and advice learners in the selection of suitable components and items in preparation for assessments, projects and competitions, as appropriate.
4. Isolate or quarantine faulty or damaged equipment and make good or order external services to make good the equipment.
5. Check the operation and safety of equipment before commissioning. Commission the equipment and make staff and learners aware that equipment is in use and meets the required regulatory standards.
6. Preparation of materials, equipment and resources for learners' usage as and when requested by Lecturers, Practical Skills Supervisors and Instructors/Assessors.
7. Work closely with employers to develop industry specific training rigs as and when required.
8. Work with Programme Manager and relevant staff to implement any changes regarding workshop layout, facilities and equipment.
9. Support Lecturers, Practical Skills Supervisors and Instructors/Assessors in the preparation of 'learning rigs'.
10. Ensure on a day-to-day basis that workshops, tools, equipment and materials including storage and stacking comply with all safety requirements and those of the Health & Safety at Work Act 1974 and regular Risk Assessment is carried out.
11. Liaise with relevant staff e.g. H&S Officer regarding reporting and recording of workshop incidents and to ascertain general H&S good practice advice.

12. Support Lecturers, Practical Skills Supervisors and Instructors/Assessors in the development and continued compliance of Health and Safety procedures.
13. Assume responsibility for security of all workshop areas allocated to this role in item 1.
14. Prepare materials for students to use during training and assessment assisting Lecturers, Practical Skills Supervisors, Instructors/Assessors and learners with practical activities.
15. Prepare assessment areas and equipment for student assessment as required.
16. Dismantle practical exercises and salvage material for re-use.
17. Carry out routine servicing and maintenance of all portable power and static machines (including lathes, milling machines & pillar drills) ensuring their effective use at all times reporting any defects to Lecturers, Practical Skills Supervisors and Instructors/Assessors.
18. Service and maintain all hand tools and equipment to ensure effective use at all times.
19. Maintain up to date stock records of tools, equipment and consumables and order new as required by Lecturers, Practical Skills Supervisors and Instructors/Assessors.
20. Maintain documentation recording and monitoring regarding workshop practices e.g. Health & Safety including risk assessments and incidents.
21. Maintain good housekeeping practice within the areas of responsibility; i.e. working areas, open areas, stores, etc. ensuring a clean safe working environment for all students, staff and visitors within your area of responsibility.
22. Working with other staff to ensure student discipline is maintained.
23. Take part in meetings, staff development & other staff events as requested by the Programme Area Manager.
24. Supervise the daily schedule of apprentice technicians, where allocated, to support them in achieving their required competencies.
25. Liaise with the Programme Manager on a regular basis regarding the implementation and monitoring practices of equipment and apparatus within workshops.
26. Perform workshop risk assessments for any new equipment and changing workshop usage and practices.
27. Perform any other duties, which may be reasonably requested by the Programme Area Manager.
